PROGRAM OUTLINE

Leaders will learn to build trust and get extraordinary results through the application of 'The Neuroscience of We' to business challenges. During bi-weekly training sessions as well as homework assignments, participants will improve their capabilities in key leadership areas by following the program modules identified in the "course components" and achieving the defined instructional objectives.

DEFINED INSTRUCTIONAL OBJECTIVES

1. Improve leadership communication effectiveness through the neuroscience of We.
2. Improve the leader's influential skills
3. Understanding and adopting the fundamentals for team empowerment
4. Improve the leader's ability to lead an empowered team to achieve better results
5. Strengthen relationships with team members, clients and partners
6. Developing an effective success plan for your business
7. Ability to coach team members to lead
8. Improvement of business practices through zero based thinking

MEASURABLE LEARNING OUTCOMES

- Ability to elevate trust and achieve more effective results
- Success by Intent and elimination of random Wins
- Adopting a "We-centric" culture to achieve greater results.
- Reduction of unexpected risks
- Implementable Execution Plan tailored to the business environment

ASSESSMENT METHOD(S)

The participants are required to complete various Case studies to apply the knowledge covered to their business situation. The participants submit their assignments to a secure & dedicated portal where the content is reviewed and evaluated.

- **Weekly assignments** that support the participants in understanding the concepts covered are reviewed and corrected as required
- **Various case studies** will be conducted where the Participants are assessed on their ability to apply the course concepts of Essential Business Skills to their specific business situations.
- **Business simulation** to develop strategic thinking, decision making, problem solving, financial analysis, market analysis, operations, teamwork and leadership.
- **Completion requirements:** the candidate is required to complete the assignments, within the timeline required per topic.
- **A certificate of completion** will be issued to confirm the completion of this training.

COURSE COMPONENTS

Leadership Dynamics - CORE program consists of the following 12 components:

Module	
1	Understanding the Neurochemistry of Aspirations and how different conversations activate chemicals and networks that either open or close the space for aspirations to grow.
2	Creating Space for Aspirations for you, your team and partners
3	As a leader, understand the capacity to connect intention and impact with others.
4	Avoiding the top 5 mistakes leaders can make
5	Learning the essentials for priming for trust, in any business situation
6	Use Conversational Intelligence with teams, departments and groups to strengthen their team’s level of productivity, ability to tackle difficult challenges together and to add higher levels of value to the organization.
7	Learning how the brain navigates and maps conversations to achieve effective communication
8	Transform future conversations to strengthen your relationships with your team members, partners and clients.
9	Build foresight and learn to shape your conversational space for mutual success.
10	Learning the catalyst to empower better business results for you and your team
11	Building or elevating trust so people can ensure all issues are discussed in a transparent way and people feel they are part of the solution not the problem.
12	Apply WE-centric activities in cross functional situations to elevate synergy, team momentum and co-creation.
